# Memorandum

TO : Director,  
Federal Bureau of Investigation

DATE: June 29, 1971

FROM : Robert C. Mardian  
Assistant Attorney General  
Internal Security Division

SUBJECT: Burglary of the FBI Resident Agency,  
Media, Pennsylvania, March 8, 1971,  
Theft of Government Property.

OMEDBURG

Please reference your letter of May 12, 1971, captioned as above, wherein you requested to be advised whether or not the publication of FBI sources and informants could be a violation of Title 18, United States Code, Section 1510, obstructions of criminal investigations.

Your letter advised that the Lancaster Independent Press, Lancaster, Pennsylvania, April 22, 1971, issue contained an article identifying FBI sources and informants. A copy of the article was attached for our review. You further advised that the newspaper, through [redacted] was being used as an arm of the Citizens' Commission to Investigate the FBI in its effort to intimidate certain individuals serving as sources or informants by publicly disclosing the identity of these individuals.

SECRET

The pertinent portion of Section 1510 reads as follows:

"Whoever willfully endeavors by means of . . . intimidation . . . or threats thereof to obstruct, delay, or prevent the communication of information relative to a violation of any criminal statute of the United States by any person to a criminal investigator . . . shall be fined not more than \$5,000, or

imprisoned not more than five years, or both." (S)

In my letter of April 19, 1971 (same caption), I advised that the letters sent to various informants by the Citizens' Commission to Investigate the FBI could be deemed a violation of Title 18, United States Code, Section 1510. However, it is the opinion of the Internal Security Division that the mere public disclosure, such as the newspaper article in question, is not a violation of Title 18, United States Code, Section 1510, since it is not an endeavor to intimidate or the threat of intimidation which obstructs, delays or prevents the communication of information to a criminal investigator. Should sufficient evidence be developed linking the editors of the "Lancaster Independent Press" with the Citizens' Commission to Investigate the FBI then they could be charged as principals under Title 18, United States Code, Section 2. Administrative Data

The code word "MEDBURG" has been assigned to this case.

Since this is a continuing investigation, the investigative period of this report overlaps the investigative period of referenced report.

As of 6/23/71, Philadelphia had 85 pending informant files which had been opened and assigned for the specific purpose of assisting in the investigation of this case. Informants have been carefully selected on the basis of their occupation, associates, or organizational affiliation.

Separate files were opened on all individuals considered to be MEDBURG suspects. In each individual suspect investigation, efforts are made to obtain photographs, handwriting, and hand printing samples. Police records and records of the Identification Division, FBI, are checked for availability of fingerprints. Investigation includes efforts to determine suspect's whereabouts during the period 3/8-9/71 and possible involvement in the planning and/or execution of the FBI Media RA burglary or in the distribution of surfaced stolen documents.

Complete details concerning each suspect is contained in the individual suspect file.

A brief summary of those activities which made him suspect, together with a physical description of those individuals no longer considered suspects as of 6/21/71, is included in details of this report.

F

The people are going to win cause there's more of us and we got some reason to win. I think we will win and the first step and the lesson we have to learn from ~~the~~'s been revealed here, that is that we all have got to commit ourselves to non- cooperation with the FBI and with the other official forces of repression. That's the first step.

UM

I'm addressing now the Reverend DWIGHT CAMPBELL and if you might go ahead and explain Sir.

C

Right, on March, February 27 to be exact I was coming back to Philadelphia from CHICAGO on a Church matter and an FBI agent stopped us as we got off the plane and he questioned

C (con't)

us and searched us and searched me and he didn't say what he wanted just that I looked like somebody else and I'm sure that I look like a whole lot of other Black people and it's just a further indication of the FBI's attempt to suppress Black People in the US who are involved in revolutionary change. We expect this to continue and certainly we expect an even greater in the next in the period now. But that won't stop us, we are going to continue to go on.

MK (con't)

Liberation of FBI files in  
Media, Pa. The FBI practices  
of snooping into the lives of  
private citizens should and  
must be opposed as morally  
reprehensible, constitutionally  
illegal and fiscally irres-  
ponsible. For too long J. ED-  
GAR HOOVER, Attorney General  
JOHN MITCHELL, RICHARD M.  
NIXON and others of their  
kind have squandered tax  
payers hard earned dollars  
to pay two bit informers, to  
tap private telephones, to  
hire agent provocatures and to  
purchase Mission Impossible  
type electronic surveillance  
devices. We are not at all  
surprised that the FBI keeps  
extensive files on BEDC and  
many of their members. It's the  
nature and purpose of law en-  
forcement, Investigatory  
Agencies in a racist and cap-  
italist country to protect  
property and suppress Black  
People.

13  
MK (con't)

Furthermore we see a pattern in efforts to destroy BEDC and BEEC leadership both locally and nationally. That pattern has taken the form of attempts by the Federal Government to get Grand Jury investigations and indictments against JAMES FORMAN and other people in BEDC in both Detroit and later in South Bend. RALPH FEATHERSTONE of the Drum and Spear Book Store and WILLIAM J. PAINE of BEDC were both killed in a car explosion that seems to have been an attempt on the life of H. RAP BROWN. CARL HAMPTON of the People's Party NO. 2 a reparation activist in Houston was gunned down by policeman last year. HERMAN HOLMES the Chairman of BEDC in Chicago has been given a 4 Year parole on an imaginary bogus charge of mail theft. This year in Philadelphia

MK (con't)

we are witnessing a withh  
hunt by the police commissioner  
and the district attorney's  
office who are attempting to  
falsify, implicate BEDC in the  
recent N. Philadelphia police  
slaying. We are also witnessing  
the refusal of the district  
attorney's office to nulify  
proceedings against 6 additional  
BEDC members on bogus burglary  
charges stemming from an Aug.  
1970 demonstration at the Phila-  
delphia Presbytary. The DA's  
Office has continued prosecution  
procedures in spite of having  
received official notice of the  
Presbytary desiring to drop  
all charges. The pattern is  
clear BEDC is an enemy to  
racial repression, exploitation  
and war. BEDC has very  
cooperative economic develop-  
ment ventures and triggered a  
new militancy among Black  
Church goers. Thus the FBI  
and it's counterparts seek

MK (con't)

to spy on us, infiltrate us, (unintelligible) and destroy us. They will fail to stop us, even as they have failed in the past. Neither are we surprised that the FBI has assigned Negro Agents with ~~mouths~~ full of militant ~~rhetoric~~ to spy on BEDC. We have known this for some time. We must view it as a predictable excrescence of a putred social system. The phenomenon of Negro Agents in America should be no more unexpected than a phenomenon of General Ky collaborating with American sponsored genocide of the Vietnamese people. Or to ~~Tshombe~~ assassinating PATRICE LAMUMBA to assist European Colonialism in the Congo. But it should be made clear that such agents and collaborators shall certainly share in the defeat of their white master much more

MK (con't)

abundantly than they have shared in the crumbs from Master's table. With specific reference to the Washington Post on BEDC Financial Records, let us point out that it is an absolute lie that there was any \$1,000 clothing allowance. What is true is that BEDC expended \$1,000 in 1969 to purchase a used car for our work. However, the information concerning funds to help defray the hospital costs of needy people and giving assistance to community programs even to the point of giving \$100 to a White family that was burned out, that information is accurate. We are a people's program our financial records prove we have given our utmost to serve our people. Many will ask how did BEDC get those documents. How long has BEDC had them and so forth?

17  
MK (con't)

However, the people's intelligence system is not the issue. ~~Let~~ it suffice. to say that revolutionary information networks are growing all across America. Both sides can play this "I Spy" game. Another specific point deals with DANIEL Mc GONIGLE, Cashier of the Southeast National Bank in Chester. We know that DANIEL MC GONIGLE actively collaborated with the FBI and volunteered information in much the same fashion that good Germans volunteered information to the Gestapo concerning their Jewish fellow citizens. Mc GONGILE is not the innocent pawn he pretends to be. We would also call attention to the incredibly stupid bungling of the FBI that lead them to investigate and possibly tap the telephone of Mr. WILLIAM A. KING of Chester while trying to ascertain the telephone

UM

violent character, and like that's on the record from my experience. But secondly nothing would surprise me in terms of what the police or the FBI or the police and the FBI together might do. I was reading in Life Magazine they were taking pictures of the rear ends of mules, you know in the poor peoples march to see if they could find any sores there so they could publicize the fact that MARTIN LUTHER KING's people are whipping the mules, you know. I mean that's how low they are ready to stoop to do away the movement. So nothing would surprise me.

As an astute observer and this is my final question sir, as an astute observer to your activities for the past 4 or 5 years, possibly 3 years is there any indication on your part that the "people" are going to win their struggle

11  
MK (con't)

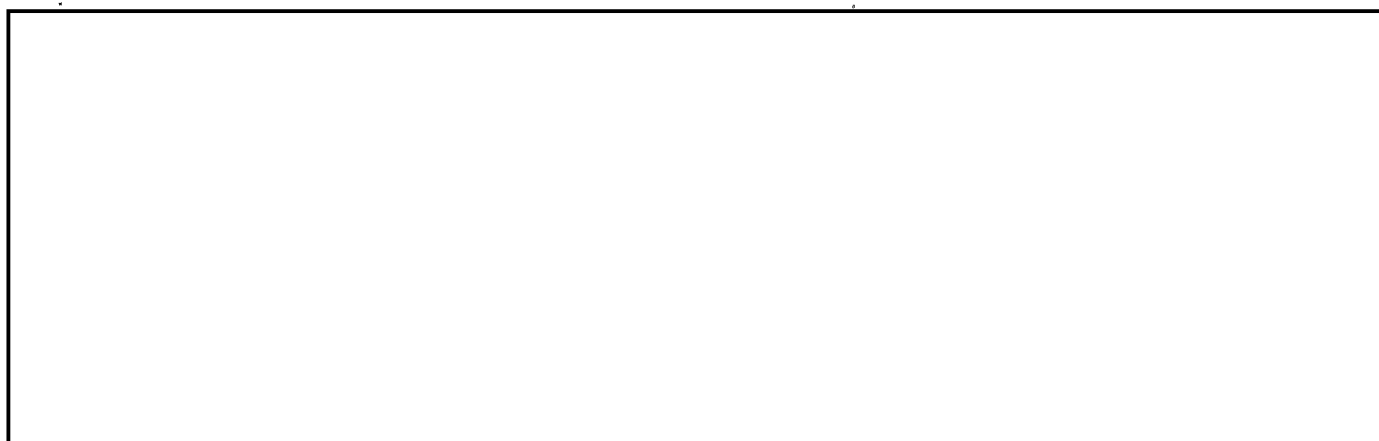

number of Muhammad Kenyatta.

When that telephone was publicly listed and prominently displayed on BEDC stationary. Such Keystone Cop incompetence would be comic, if we were not aware of the deadly sub-surface ~~mechan~~ <sup>maneuver</sup>ations of the FBI. BEDC will defend Mr. KING in any way possible against abridgement of his privacy. In closing we should remember "Blessed are you when men shall persecute you and speak evil against you falsely, for the Lord said or in the words of a modern day prophet to be attacked by the enemy is not a bad thing, but a good thing. Our cause is just, our hands are clean. Our inevitable triumph is the liberation of our people.

[redacted] issue of June 8, 1971, a daily newspaper of general circulation in the Philadelphia, Pa., area, contained an article captioned, [redacted]

[redacted] According to the article, [redacted] and her husband of [redacted] Pa., were under investigation by the FBI because of a check for \$1.00 which she sent to a front organization of the United Klans of America. The article notes further, "According to the FBI document, stolen from the FBI's Media office by the Citizens' Commission to Investigate the FBI, the check was turned over to [redacted]

[redacted] is quoted as saying she didn't want anything to do with the pamphlet on opposing sex education in public schools when she received it, together with advertising for other Klan publications.

On June 7, 1971, [redacted] Pa., telephonically contacted SA JOHN C. F. MORRIS of the Philadelphia Division, FBI. He stated he was calling on behalf of [redacted] Pa. He said [redacted] had been interviewed by a reporter of [redacted] and that the interview was being reported in the newspaper. He said he and [redacted] thought the FBI should know about this. He said he considered himself a completely loyal American and a firm supporter of the FBI, and [redacted] shared his sentiments.

## FEDERAL BUREAU OF INVESTIGATION

b6  
b7CDate June 14, 1971

[redacted] a resident of [redacted] telephone number [redacted] was interviewed at her home. She was advised that she was being interviewed in response to a telephone call made to the Philadelphia FBI Office on June 7, 1971, by a [redacted] and an article which appeared in the June 8, 1971, edition of the [redacted] in order to determine if she possessed any knowledge concerning material which had been stolen from the Media FBI Office.

[redacted] advised that on Monday, June 7, 1971, she received a telephone call at her home from a man who identified himself by name, now unrecalled, as a reporter for [redacted]. He also furnished his business phone number, which she noted on a piece of paper, and which is [redacted]. The reporter told her that he had access to files of the FBI, which were stolen from Media, Pa., and that among them was a record, which he had, to the effect that she had written a check in the amount of \$1.00 as a donation to the Imperial Wizard of the Ku Klux Klan (KKK). She was questioned about this check by the reporter.

In response to his inquiry, she told him that she had not donated anything at any time to the KKK. She had seen an advertisement in a now unrecalled magazine for a pamphlet opposing sex education in the schools, a subject which she is very interested in, and had sent away for it, enclosing a \$1.00 check payable to United Klan, Pilgrim Gardens, Pa. She subsequently received in the mail the pamphlet and along with it a copy of the Fiery Cross Magazine, a KKK item. She was interested only in the pamphlet opposing sex education in the schools, and has not contacted the KKK again for any purpose.

The reporter asked her if she were concerned about being the subject of an FBI investigation and when she told him it did not bother her at all because she had done no wrong, he expressed disbelief and tried to induce her into making a denouncement of the FBI, which she would not do. She told the reporter that she had not realized on ordering the pamphlet that it is apparently published or written by the KKK or some related group,

and was only interested in the subject matter for any value it might be in her fight to keep sex education out of Haverford Township schools. The reporter did not seem to be too happy with her reaction to the information that she had been investigated by the FBI and informed her that an article concerning her would appear in [ ] edition of [ ]

The article appeared in the paper on [ ] as promised, and subsequently she received telephone calls from radio and television stations and local newspapers harassing her about her so-called association with the KKK and her attitude of unconcern about the FBI investigation.

At no time did the reporter who called her from the [ ] indicate to her the exact type of FBI files or documents he possessed or to which he had access, or where they were or how they came into his possession, or to his attention. She herself has not received a copy or copies of any FBI documents and does not know a thing about the burglary of the Media, Pa., FBI Office.

[ ] stated that she has always admired the FBI and its Director; that about a year previously she wrote a letter of praise of J. EDGAR HOOVER; and that she and the members of her family are loyal American citizens and staunch supporters of the FBI.

RePHairtels to Bu 4/14/71 and 4/20/71, regarding letter from "Citizens' Commission to Investigate the FBI", in which receiving offices requested to review letter in attempt to determine group composing it. (U)

Review of document by SA GERALD T. GRIMALDI and other WFO Agents familiar with security and "New Left" matters, reveals, in opinion of these Agents, absence in letter of any "New Left" language. Appears that individual(s) composing letter had Catholic training and familiar with Pope Leo XIII and his encyclicals. Catholic training would have to be fairly extensive, at least at University level. (U)

The terms "loving and serving" are terms used in common Catholic doctrine and in Catholic prayer. The article is replete with ideas of the dignity of man which is stressed in Catholic philosophy, opposed to the dignity of the Government as stressed in Marxist philosophy. (U)

Catholic teaching includes thesis of rendering unto CEASAR the things that are CEASAR's; however, does not morally enjoin its followers from disobeying what they consider unjust laws. (U)

UM

MUHAMMAD, what is the NC gonna  
do now that (unintelligible)  
your actions?

M

Well our actions will be to step  
up our programs that are already  
underway and to step up a  
program to expose the FBI and  
it's Fascist nature to the  
American people.

UM

How do you plan on going about  
that?

M

We'll be working in collaboration  
with other Black Organizations,  
other Anti-War organizations  
and contacting people who have  
audiences and can tell folks  
what's happening.

UM

Well in terms of your own organ-  
ization, are there informers  
inside your organization?

M

Oh yes there are. We have been  
aware of this for some time.

We just hope that they can work  
as hard as the rest of us.

ENCLOSURE

52-94527-2283

UM

Are you going, planning to purge them or something?

M

We would really hope that they could have a change of heart. That the spirit of blackness would move them to do right. If not, they may leave on their own or other things may happen.

UM

Like what?

M

I would hope that they have a change of heart.

UM

But if they don't, then what?

M

Then I would hope that they would , you know, find other things to do.

UM

Well in terms of your organization the longer they stay in it will probably be harmful to your organization, right?

M

I think that the ability of agent provocatures to disrupt organizations, the ability of electronic devices to pick up information, all of that is overplayed. If people are working hard and to what's correct,

M (con't)

their activities won't be  
disrupted by one or two  
or three agents.

UM

(unintelligible) like to know,  
I guess that your kinda  
a Messiah to that organization,  
is this really ~~true~~ aside  
from one of the.

UM

Start over.

M

One of the things that has to be  
remembered is that if people  
continue calling me about the  
possible agent provocatures  
you have little effect. We have  
learned more about the FBI from  
these documents than the FBI has  
learned about us. The FBI  
could of found out that much  
by getting leaflets off the  
streets or reading our news-  
paper. What is important  
for people not to be provoked.  
Agent provocatures can not  
be successful if people ignore  
them.

UM

That is one of the things they  
talked about in the report that

4  
UM (con't)

they were hoping to intimidate people. Are you saying now that they are not intimidating you?

M

Well in their report they indicate a desire to create a paranoia in the movement that would make people think that" There was an FBI man behind every mailbox." We want to make them think that" There's a nigger at every door."

UM

I'm interested in learning how information came into your hands or how information was reported to you.

M

I obtained knowledge

UM

Now if you don't want to give the information don't make it difficult.

M

Right, let me (unintelligible) ok

UM

What are your feelings about what has happened (inaudible) and what is gonna (inaudible)

UM

Seems to me that if, since JIM FORMAN walked down the aisle in River Side Church and

6  
UM (con't)

demanded reparations from the White Churches the response has been repressed in one form after another. Laws were passed so that two kinds of demands couldn't be raised in that way and in Churches. Grand Jury sat to investigate the activities of the Black Economic Development Conference. A friend and fellow priest in Detroit, Michigan was subpoenaed to testify before one of two grand juries. He refused to testify because he sensed what was happening back then and that was over a year ago. So what's happening now is just a kind of culmination of what appears to be a concerted effort by agencies of Government to destroy yet another Black Liberation Movement.

UM

Well with this in mind and with the fact that Mr. KENYATTA has said that the information they

7  
UM

Of Pa., thank you very, very much. And that you have been attending and have been present at many press conferences. I remember Black Panther Party 1900 block of West Columbia Avenue.

F

Right

UM

And a few others. It has been mentioned that the BPP was investigated which is pretty obvious. Do you feel that it is a result of "intelligence reports, etc." and reports referenced with BEDC that they will attempt to destroy the BEDC or to nullify their actions very much as they do the BPP here in Philadelphia.

F

Yeah it looks to me like BEDC is pretty high on their destruction list, you know, their set of priorities. And as I say this has been evident for a long time. Ever since FORMAN made his move in River Side Church. Ever since the demand

UM (con't)

could of gotten from any

BEDC publication and other ways, do you condone the act, do you condone the stealing of the FBI files.

UM

I'm not in a position to make a judgement about the act. I'm glad that the information is out and is public because I think the situation is so, is so terrible now that more and more people ought to be made aware of the continuing repression. The fact that so many people are paid agents of either Army Intelligence or FBI or CIA and that we, it's beyond the point that we can say we are becoming a police state. The police state is upon us.

UM

Sir, do I have your name correct  
you are FATHER DAVID GRACIE

F

That's right

UM

And your official capacity is not in connection with BEDC but I am the Urban Missionaire of the Episcopal Diocese of Pa.

F

8  
F (con't)

for reparation was enunciated so clearly. Ah, the I think that this kind of repression will increase as BEDC begins to move out on the war issue in addition to the demand to reparations, and I think we are gonna find the same kind of determination on the part of the FBI to destroy this movement that they exhibited to destroy the movement of MARTIN LUTHER KING putting together.

UM

There is no evidence to my knowledge to support the fact that BEDC is not (unintelligible) on. Just on the strange trips of imagination that they might. Do you feel that their offices are going to be raided and windows broken out and files seized here in Philadelphia is that also possible?

F

I would like to say first that every action that I have ever seen BEDC take part in, and I have taken part in some actions with them has been of a non-

Commission's Apology — Letter sent to [redacted] by group that  
spirited FBI files out of Media.

(U)

March 31, 1971

On March 8th, the Citizens Commission to Investigate the FBI removed files from the Media FBI office in Pennsylvania. Your name was listed as an informer for the FBI.

We realize that people inform on others because they feel the government should be made aware of "dangerous" people; we also know that many informers are coerced into informing because of previous arrests, etc. We believe that a system which asks or forces people to spy on their sisters and brothers has no right to exist. You are perpetuating injustice by continuing your activities.

Approximately one week after you receive this letter, your name will be made public as an informer. We are giving you this time to take whatever course of action you wish. Do not expect the FBI to help you as your usefulness to them is over.

If you have been coerced into informing, you have the option of explaining your situation to the people you were working against. We regret that these steps had to be taken. But we are living in times of struggle, and there is not place for treachery in the fight for justice.

March 31, 1971

On March 8th, the Citizens Commission to Investigate the FBI removed files from the Media FBI office in Pennsylvania. Your name was listed as an informer for the FBI.

We realize that people inform on others because they feel the government should be made aware of "dangerous" people; we also know that many informers are coerced into informing because of previous arrests, etc. We believe that a system which asks or forces people to spy on their sisters and brothers has no right to exist. You are perpetuating injustice by continuing your activities.

Approximately one week after you receive this letter, your name will be made public as an informer. We are giving you this time to take whatever course of action you wish. Do not expect the FBI to help you as your usefulness to them is over.

If you have been coerced into informing, you have the option of explaining your situation to the people you were working against. We regret that these steps had to be taken. But we are living in times of struggle, and there is not place for treachery in the fight for justice.

Continuing investigation has been conducted toward developing information to link John Peter Grady with the burglary of our Media, Pennsylvania, Resident Agency. Grady is alleged to have masterminded many of the draft board break-ins which have occurred during the past two years and is a close associate and confidant of [redacted] and others in the Eastcon group.

Recent efforts by our Philadelphia and Newark Offices would indicate Grady is [redacted]

[redacted] and a newly-developed source has tentatively pinpointed the target as [redacted]

Late last week Agents located Grady, who had been underground for the past two months, in the Camden area. He apparently has associated himself with [redacted]

[redacted] who has not previously come to our attention. Efforts are continuing to fully identify [redacted] as well as other Grady associates who are being observed through fixed surveillance points strategically located in the Camden area.

Rosen to Sullivan Memorandum  
RE: MEDBURG

SAC Roy K. Moore, who is handling the Medburg Special, is directing this phase of the investigation in the Camden, New Jersey, area. SAC Ralph W. Bachman\* is aware of this aspect and in full agreement. Every effort is being made utilizing the joint services of Philadelphia and Newark Agents to develop details relative to the planned break-in. Extreme caution must be exercised, however, in order that our inquiries do not disrupt these plans. Experience has shown that Grady is meticulous in his planning and studies extensively for a several-weeks period the movement of employees, visitors, guards, et cetera, in the targeted area. (U)

It is imperative that this information not be disseminated at this time to anyone outside the FBI. When full facts are developed relative to the proposed break-in and consistent with our plans to apprehend Grady and his associates during the commission of the break-in, consideration will be given to disseminating this information on a need-to-know basis.
